Brooks Fibre O Plus

(Textured)

Grain Free

*Maximum controllable energy
with reduced NSC to fuel elite
champion equine athletes*

Performance Horse Feeds

Fortified with Brooks exclusive

Oxiguard system of natural source

Vitamin E and organic selenium!

*Bioavailable Vitamin E and organic selenium
work synergistically as effective antioxidants to
minimize muscle soreness and fatigue.*

*Enriched with potent sources of fat
energy exclusive to Brooks*

- * *Flax Appeal (Omega 3)*
- * *Equi-Jewel*

*Our commitment to quality drug free
manufacturing is your satisfaction
guarantee!*

Guaranteed Analysis

Crude Protein (min.)	12 %
Crude Fat (min.)	12.5 %
Crude Fibre (max.)	15 %
Calcium (min.)	1.0 %
Phosphorus (min.)	.60 %
Sodium (min.)	.40 %
Copper (act.)	50 ppm.

Vitamin A (min.)	11000 IU/KG.
Vitamin D (min.)	1200 IU/KG.
Vitamin E (min.)	280 IU/KG.
Selenium added	.45 ppm.

❖ *NSC (Reduced)*

Features and Benefits of Fibre O Plus

Formulated with highly digestible fibre and fat sources.

❖ *Formulated with super fibres, including beet pulp, multiple fat sources (flax, rice bran) and reduced sugars and starch. Calorie rich but grain free formula enables the most talented horses to excel at disciplines requiring maximum controlled energy.*

Completely Balanced with vitamins and chelated minerals.

Richly fortified with vital macro and micronutrients. Chelated minerals are more readily and thoroughly absorbed for improved performance and health. No supplementation is required at suggested feeding levels.

Formulated with stabilized flax and rice bran.

Flax and rice bran are calorie dense energy sources that provide calories, digestible fibre and Omega 3 fatty acids from flax.

Manufactured with a proprietary form of Saccharomyces Cerevisiae a prebiotic with a wide body of research.

The addition of a proprietary yeast culture improves digestion of fibre and promotes more efficient use of nutrients.

Contains a full complement of B Vitamins and amino acids

Meets all of the daily maintenance requirements for B Vitamins including biotin and provides full spectrum of essential amino acids

Fibre O Plus is formulated with carefully selected ingredients to ensure maximum palatability and consistency.

Guaranteed Quality

Ultimate Performance

Fibre O Plus Description

Fibre O Plus is a high performance feed for active horses requiring large amounts of energy with a reduced carbohydrate (NSC) level. Fibre "O" Plus draws energy primarily from digestible (super) fibres including beet pulp and multiple fat sources including flax and rice bran. The low glycemic formula of Fibre O Plus makes it an ideal feed for horses prone to RER (*Recurrent Exertional Rhabdomyolysis*), PSSM (*Polysaccharide Storage Myopathy*), or Cushing's disease particularly where weight gain is desired in a low NSC formula.

Fibre O Plus supplies low glycemic energy with complete balanced nutrition in a palatable form that helps keep horses training or showing every day.

Feeding Suggestions

Feed horses according to level and type of activity and to maintain ideal body condition

Mature Weight	900 lbs. (400 kg.)	1100 lbs. (500 kg.)	1320 lbs. (600 kg.)
Light work *	4-8 lbs. (1.8-3.6 kg.)	6-10 lbs. (2.75-4.5 kg.)	7-12 lbs. (3.2-5.5 kg.)
Moderate work **	5-10 lbs. (2.25-4.5 kg.)	7-12 lbs. (3.2-5.45 kg.)	8-14 lbs. (3.6-6.40 kg.)
Heavy work ***	6-11 lbs. (2.70-5.0 kg.)	8-13 lbs. (3.6-5.9 kg.)	9-16 lbs. (4.0-7.25 kg.)

* ie. jogging, trail riding, pleasure etc.

** ie. dressage, jumping, cutting, roping etc.

*** ie. racing, polo, eventing etc.

Note: Warmblood and Draft type horses may require different amounts from light horse breeds. Contact a Brooks feed representative or submit a request on our interactive web site.

Amount of feed required is dependent on the body condition, the metabolism and the type of activity the horse is used for. For each pound of *Fibre O Plus* fed daily below ½ pound per 100 lbs. bodyweight, add ¼ pound (115 grams) *Brooks Enhancer or All Phase 20*. For specific recommendations consult a Brooks Feed representative or submit a request on-line using our interactive feeding guide. Provide fresh clean water and free choice salt at all times with a minimum of 1% of bodyweight in hay or equivalent pasture. Store in a cool dry location. Amount fed varies according to quality of hay or pasture. Hay analysis is recommended.

A list of ingredients is available by contacting the manufacturer.
